Dear Eddie & Heather,

Well, I have Zeus home for a couple of weeks now and I am very pleased with the significant changes that I see in him since your thorough training. As I have stated to you before, it is unbelievable that you can take a dog that was 1-1/2 years old, with no professional training whatsoever and in 4 months produce an awesome retrieving and hunting machine. Not only is Zeus going to be an outstanding hunting partner, but your obedience training has made him a pleasure at our home. Zeus now obeys my wife and two sons on all the commands that you have conveyed to me during his training. I spent a lot of time researching the various Retriever Trainers in Texas and was real nervous about leaving Zeus in an un-familiar place with people that he and I really didn't know extensively. My concerns diminished the moment that I visited Zion Kennels and met you and your wonderful wife, Heather.

Eddie, I know you are the Master Trainer that has brought Zeus up to this level of excellence. However I know that Heather runs a tight ship around the kennels and makes sure each dog maintains that certain level of health and nurturing love that any owner would hope their dog would receive in their absence. I am also pleased with the fact that you are only a phone call away and I have never reached your voice-mail when trying to contact you about Zeus. Your dedication to your dogs and their owners during and AFTER their training is a testament to your commitment towards excellence and a reflection of your good natured soul. On behalf of me and my family, I thank you and Heather for the countless hours that you spend creating outstanding retrievers and forming great hunting partners.
